

Wondrous Women Collage Session

Monday 6th July 10.00 – 12.00

Upton Pyne Village Hall, EX5 5JA

Come and join SWWAG (South West Women's Art Group) at a fun, creative and informal collage workshop! This is a free event and refreshments will be available.

As part of the year-long Wondrous Women programme, we are collecting collages across the Netherexe Parish to build into an art piece which will form a key part of a travelling exhibition across the area.

Collage can be as simple or as complex as you would like. You don't have to be a brilliant artist – just able to cut and stick! Guidance will be available to help get you started.

Anyone is welcome to create a piece of art: collage or otherwise, as long as the subject is a woman who lives or lived at some point in her life within the following areas: Upton Pyne, Newton St Cyres, Brampford Speke, Cadbury, Thorverton, Silverton, Huxham, Stoke Canon, Rewe.

It could be a relative, a neighbour, someone from local history or a woman who has influenced your life or contributed to the local community. It could be about yourself – whatever you wish to feature.

Any sort of items - paper, junk-mail, photographs, old magazines, card, old wrappers can be saved at home and used for your collage. We are keen to use recycled items as much as possible. Additional materials, scissors, glue, etc., will be available at the session.

If you are unable to attend this session you are very welcome to produce something at home or join one of the future workshops we will be running in coming weeks. For further information contact Emma: emmapopeart@gmail.com
